Term 2

Learning Journey - Geography, DT (cooking and nutrition) and Science.

This term the children will be answering the question, **'Why would you choose Lincolnshire to build your farm?'** In Geography, we will be using maps to locate cities and counties in the UK with a key focus on Lincolnshire. We will be creating a survey for our visit to Rand Farm Park, using human and physical geographical features, to help us identify why Lincolnshire is a good place to farm. In DT, we will be looking at foods that are produced and grown in Lincolnshire and sample a selection of these foods with a focus on what constitutes a healthy balance diet. We will also be developing the skills of peeling, cutting and mashing in order to create a sausage and mash meal. In Science, we will be investigating different types of rocks and soils to understand why Lincolnshire is so good for farming.

Dates for the diary

Wednesday 8th November
Lincolnshire food tasting

Monday 20th November
Rand Farm Park Trip - Sausage making

PSHE

Our SCARF unit this half term is **Valuing Differences**. A key word for this term is **Respect**. We will be focusing on the importance of listening and responding to people respectfully, even when they are very different from ourselves, by looking at different types of families and groups that make up our community. We will also be learning about diversity and the benefits of having a diverse community.

RE

Has Christmas lost its true meaning?

This term, we are learning to find out what the true meaning of Christmas is to Christians and compare this with what Christmas means to us. We will be reading the Christmas story and making a class Christmas tree with decorations to show all the non-Christian and Christian aspects of Christmas.

PE

PE will take place on a Thursday and Friday this half term and we will be learning Gymnastics and Netball.

In gymnastics we will be creating interesting point and patches balances, different types of jumps using the apparatus, learning different types of rolls and creating a sequence of moves individually and with a partner.

In netball we will be developing our understanding of the attacking and defending principles of invasion games whilst considering the skills and strategies needed to outwit the opposition.

Computing

Creating Media - Stop Frame Animation.

We will use a range of techniques to create a stop-frame animation using iPads. We will then apply these skills to create a story-based animation. At the end of the unit, we will also be adding other types of media to our animation, such as music and text.

Music

This term we will be playing a musical instrument called the Glockenspiel. We will be learning the C, D, E and F notes along with learning the different types of note names and playing different types of music.
