

Castle Wood Academy

Physical Education and Sports Premium Statement

2023 - 2024

PE & School Sports funding: £18,440

Number on roll: 271

Vision

All pupils leaving Castle Wood Academy will be physically literate and armed with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

Mission Statement – To be adventurous lifelong learners

We care about each other and the world around us. We are creative thinkers who learn from making mistakes. We aspire to be the best versions of ourselves. We recognise that everyone is different and everyone is equal. We learn indoors and outdoors and get our hands dirty. Adults are excited about learning and make lessons fun, interesting and engaging. We grow well rounded young people who are confident and secure enough to take the opportunities that life is going to give them. We apply our learning in real life and enhance it using technology and creativity. We are active learners, role models, leaders and risk-takers.

Themes of Achievement:

In line with the Youth Sport Trust guidance and recommendations from the NHS (pupils should perform at least 60 minutes of physical activity each day), Castle Wood Academy has identified the following as Themes of PE and Sporting achievement for pupils entitled to Physical Education and School Sports Premium funding:

Healthy Active Lifestyles – Ensuring the school is as active as possible.

- Provide structured physical activities in the playground.
- Offer daily physical activities within the classroom.
- Encourage pupils to walk, cycle or scoot to school.
- Encourage parents to be active with their children.
- Promote pupil & staff well-being and fitness.

Using PE as a tool for whole school improvement – Ensuring PE impacts the curriculum.

- Enhance positive behaviour and a sense of fair play.
- Improve concentration, commitment and self-esteem.
- Reduce incidences of bullying and poor behaviour at breaks and lunch times.
- Improve attendance and relationships with parents and carers.
- Improve staff confidence and morale.

Professional Learning and your PE team – Ensuring appropriate subject leadership and staff training.

- Improve quality of teaching and learning of PE.
- Improve confidence of staff in a range of sports.
- Improve motivation and engagement in PE lessons.
- Provide opportunities for pupils to take lead roles during lessons.

A broad offer to all pupils – Ensuring all pupils are offered a range of appropriately challenging and inclusive experiences.

- Promote pupil voice in making decisions on extra-curriculum opportunities.
- Offer links to outside sports clubs and organisations.
- Target groups of pupils who are less active; working with them to address their participation.
- Provide a range of sports and activities too all pupils both in and out of the curriculum.
- Provide stretch and challenge for higher ability pupils.

Competition for all – Ensuring that pupils are offered opportunities to compete.

- Provide opportunities to take part in a range of competitions.
- Take part in National School Sports Week, provided by the Youth Sports Trust.
- Provide opportunities for talented pupils to compete on local, regional and national levels.

<p>Increasing engagement of all pupils in regular physical activity and sport</p>	<p>Increased number and variety of after school clubs</p> <p>Support staff to lead activities during break and lunch times through the assistance of Premier Education.</p> <p>All year groups to be involved in Inter Sport Competitions.</p> <p>Professional athletes to visit school.</p>	<p>We want to expose children to a wider range of sports and physical activities as well as improving the quality of T&L in PE. This has been done by altering the long-term plan for Castle Wood Academy, where children now have access to even more sporting activities.</p> <p>To ensure increasing engagement, all children will be able to have access to a wide variety of after-school activities delivered through Premier Education and supervised by teaching staff of school. By including extra after school clubs, the pupils will be able to experience some extra sports that they would otherwise not have the opportunity to do so.</p> <p>After the success of the women’s football team in recent years, children will be able to meet a professional footballer during the year, which will inspire the next generation through the delivery of</p>	<p>Inter school competitions organised through PE Lead.</p> <p>Professional athlete visit organised through PE lead.</p>	<p>PE Lead</p>	<p>Staff, parent and children survey after delivery of after school clubs and Inter School Competitions.</p> <p>Chatter groups</p>	<p>£1,650 for Inter School Competitions (£6 PP).</p>	

		sporting activities. Furthermore, the implementation and Inter School Competitions through Premier Education and overseen by the PE lead will establish a healthy feel for competition throughout the school, increasing engagement, aspiration, resilience and well-being in the children (all vital Castle Wood Academy school values).

<p>Enhance the outside learning environment so as to ensure an increase in competitive activities for the children.</p>	<p>A football afterschool club open to all children across the school over the course of the academic year.</p>	<p>Children need to be able to access the outdoor area of school to allow them to increase fitness, stamina and endurance. Furthermore, an increase in the exposure to competitive sports allows children to work in teams, become resilient and acceptant in defeat and aspire to better themselves in the future.</p> <p>A football afterschool club run through Premier Education will ensure that children are exposed to and can aspire to these attributes. With public support increasing in popularity for the women's game, this will be open to both girls and boys. This will allow the children to understand the need for acceptance and strengthen well-being between them.</p>	<p>Through consultation with Premier Education, detailing numbers of children and adults required.</p>	<p>PE Lead/teachers and teaching assistants across CWA.</p>	<p>Termly reviews to assess effectiveness, along with consultation with other schools in the trust about setting up a school/trust football team.</p>	<p>£40 per session. Over the course of the year, this equates to £880.</p>	

To raise attainment in swimming and water safety through top up swimming sessions	Children in Year 3, 4 and 5 will attend swimming lessons at West Lindsey Leisure Centre. This will be on a full term basis for each year group, with Year 5 in Autumn, Year 4 in Spring and Year 3 in Summer.	Due to restrictions during Covid, many of the children in these year groups have not been exposed to swimming lessons from a young age. It is essential that these children attend swimming lessons and water safety sessions in order to increase confidence and resilience in water and expose them to a sport that might be unfamiliar to them. Water safety is essential to all children and through Everyone Active, the children will have sessions in the pool which will expose them to the dangers of water and how to keep themselves safe.	The consultation with West Lindsey Leisure Centre before the start of the academic year, as well as staff in school to ensure appropriate staffing.	Instructors at Everyone Active, lifeguards, as well as teachers and TA's supervising the children whilst in the pool.	Termly with instructors at Everyone Active. Staff will provide school with their assessments on the children, which will be available to parents at the end of each big term.	Year 5 – £106.25 x 13 sessions = 1,381.25 Year 4 - £63.25 x 9 sessions = £569.25 Year 3 - £96 x 13 = £1,248 Total = £3,198.50	
To increase all staff's confidence, knowledge and skills in teaching PE and sports.	All staff in the school will be exposed to quality CPD sessions through Premier Education. This will be done through looking at structure of a strong PE lesson and how to support different ability children.	It is essential that school is supporting children in the best way possible when they are exposed to a wide range of sports. Children need to be supported if not feeling confident and challenged wherever possible to ensure engagement and aspiration. Efforts need to be made to upskill all staff. This includes teaching assistants, who should be confident in supporting the class teacher and supporting children where required. This CPD will allow the whole workforce to feel confident in delivering a PE session independently.	Through discussions with Premier Education and SLT to ensure that CPD is booked for the academic year.	PE lead and staff from Premier Education.	Through staff surveys to assess the effectiveness of the CPD and whether further training is required to enhance teaching.	£175 per session. 1 session booked.	
					Total spend	£18,277.50	

How the school will measure the impact of the Physical Education and School Sports Premium:

We will combine quantitative & qualitative methods, including lesson observations, monitoring attainment & progress of pupils & pupil questionnaires. We will also assess every pupil in the key strands in PE (as identified by our PE Subject Leaders) termly. At Castle Wood Academy, we will swiftly identify the need for support and intervention. A review of this document will take place in accordance with the timetable within the Strategy.

New PE & Sport Premium statement to be written & published by: 30th September 2024

Date of next Physical Education and School Sports Premium Strategy Reviews: July 2024
